

## April 3 Lesson

<https://youtu.be/r7Ma5Y1tawM> Watch the video and code along with me on glitch.com as we draw lines on the html canvas.

Start your reading in your text at section DRAWING LINES OR PATHS on page 206. Stop your reading when you reach DRAWING ARCS AND CIRCLES on page 209.

Draw some pictures and share them with your family. Send me one! I'd like to see something you create and know you and your family are well.
