Finally, start reading chapter 13 in your text on page 199. Stop when you get to DRAWING LINES OR PATHS on page 206. Start reading again at DRAWING ARCS AND CIRCLES on page 209 and finish at the snowman pic on page 214. You can practice the code in the book at glitch.com.

Ping me an email to let me know if the videos are helpful. If you code something cool with rectangles and/or circles, I'd like to see it.
